

Name _____

Observation Sheet: Angles and Parallel Lines

The Geometer's Sketchpad

Version 4.+

Non-parallel lines observations:

What observations can you make regarding the following angles? Please be specific.

1. Alternate interior angles _____

2. Corresponding angles _____

3. Interior angles on the same side of transversal _____

4. Alternate exterior angles _____

5. Vertical angles _____

6. Linear pairs _____

Parallel lines observations:

What observations can you make regarding the following angles? Please be specific.

1. Alternate interior angles _____

2. Corresponding angles _____

3. Interior angles on the same side of transversal _____

4. Alternate exterior angles _____

5. Vertical angles _____

6. Linear pairs _____
